SV FOUNDATION

ABOUT SV FOUNDATION

WHO WE ARE?

SV FOUNDATION is a charitable trust working towards holistic social transformation across rural and urban India.

We operate across multiple development verticals with the belief that true national development is integrated development — where health, education, livelihood, environment, and culture grow together.

Our initiatives focus on strengthening systems, empowering communities, and creating sustainable impact rather than short-term relief.

SV FOUNDATION

VISION AND MISSION

GUIDING PRINCIPLES OF THE PROJECT

VISION

Sustainable and meaningful change for target communities

MISSION

- Enable holistic rural and urban transformation
- Strengthen healthcare access and infrastructure
- Promote education, skills, and sustainable livelihoods
- Foster environmental responsibility and green development
- Preserve arts, culture, and community identity
- Contribute meaningfully to inclusive national development.

To build empowered, self-reliant communities where every individual has access to quality healthcare, education, livelihood opportunities, a healthy environment, and cultural dignity.
